

The History of the King James Bible – Part 18 – Blavatsky and Kittle, Spiritists and Nazis

The new versions are not new at all but merely a reintroduction of the philosophies of Plato, Clement, Origen and based upon the Egyptian papyri and Eusebius' Aleph +B manuscripts (Vaticanus and Sinaiticus).

Aleph +B were produced under the authority of Constantine in Rome and were adopted by Westcott and Hort who were just 2 men of a committee that came together with the goal of updating/revising the KJV.

Albert Martin of the Moody Institute calls Aleph +B manuscripts "depraved".

John Burgon, who was a contemporary of Westcott and Hort, wrote much on the corruption of the modern versions said "I have convinced myself by laborious collation that they are the most corrupt of all. They are the depositories of the largest amount of fabricated and intentional perversions of truth which are discoverable in any copies of the word. They exhibit a fabricated text and are shamefully mutilated."

Gordon Fee said of the Vaticanus "They were copied from an altered papyrus" and "The altered nature of the Vaticanus has become a byword in textual criticism. The recent text critical handbooks and NT introductions as well as articles on trends and text types are almost unanimous in their concurrence with Kenyan's conclusion that the Egyptian text is now generally regarded as a text produced in Alexandria under editorial care, hence our dilemma, for as long as our critical text (Nestles and United Bible Society) Greek text, etc...continue to look much like a text that is generally acknowledged to have been edited. Our dilemma seems to be that we know too much to believe them."

These knowledgeable men look at the manuscripts and say they have been edited, text erased, text added etc... and yet the young people continue to go off the bible school and hear the KJV is inferior/modern versions are superior as they are based upon more recent discoveries and textual and manuscript evidence. – The more recent ones are garbage!

Vaticanus

Vaticanus agrees with the textus receptus only 50% of the time and differs from the majority Greek text in over 8000 places. – This amounts to approximately one change per verse!

It omits several thousand key words from the gospels. – Many of them the names Lord, Christ, Jesus, and God.

It omits over 1000 complete sentences and 500 clauses.

It adds 500 words that did not exist previously.

Nearly 2000 words are modified and transposes word order in approximately 200 places.

It has 600 readings that do not occur in any other manuscript.

So, the Vaticanus has been altered beyond recognition.

Sinaiticus

9000 changes found in this text from Sinaiticus manuscript.

It omits 400 words from the gospels and adds 1000 ,repositions 2000 and alters another 1000.

It has 1500 readings that appear in no other manuscript and affects nearly 3000 words.

The end of Mark is removed, the end of John is removed.

39 words from John 19 removed, 29 from John 20, 19 words from Mark 1.

John 5:4, Matthew 16:2-3, Romans 16:24, Mark 16:9-20, 1 John 5:7 all gone!

It has no Exodus, no Joshua, no Samuel, no Kings, no Hosea, no Amos, no Micah, no Ezekial, no Daniel and no Judges.

19 out of 34 words are changed in Luke 8, 16 words are changed in Matthew 1.

Instead of these books omitted it has "Bell and the Dragon", "Tobit", "Judith", "Epistle of Barnabus" and "The Shepherd of Hermas".

Bruce Metzger said "The Sinaiticus and Vaticanus do not agree. They disagree with one another 8000 times. They disagree with one another 12 times per page! They disagree 70% of the time and in almost every verse of the gospels with the majority text."

Now when the occultists Westcott and Hort took these 2 corrupt manuscripts and produced them as the "Revised Version" God raised up a man called Dean Burgon who exposed their work for the corruption it was and in addition exposed the corrupt condition of their heart. – The "Ghostly Guild" society they were involved in put them in league with Helena Petrovna Blavatsky.

Blavatsky was born in Ukraine and claimed to be a psychic and claimed that as a child she was given divine visions and had experience magical gifts and was able to move objects by psychokinesis.

At 17 she was married to a 40-year-old general named Nikifor Blavatsky but left him after 3 months and went to Constantinople.

She claimed she had visited every exotic place known and was initiated into mystic orders and finally settled in Tibet where she contacted The Mahatmas who lived in caves and taught her the mysteries she was to subsequently teach.

All these tales are highly doubtful and there is no evidence she visited these places.

What is known is that she went from being a piano teacher, to a circus bare-back rider, to a spirit medium.

She was eventually employed by the spirit medium Daniel Dunglas Howe as an assistant where she doubtless learned the tricks of the trade.

At age 40 while operating as a spirit medium at carnivals in Cairo she started "The Spiritist Society". – Great commotion arose when a cotton glove was discovered in her tent as an illusion concocted pretending to be a spirit!

She fled to Paris and 2 years later in 1873AD she moved to the US and began performing seances for wealthy patrons and founded "The Theosophical Society".

She claimed to bring messages from 2 masters or Mahatmas named Koot Hoomi and Morya. – These messages were often in the form of pieces of paper floated down from the ceiling above her. – She attracted many prominent persons to the movement.

In India she flourished for many years until she was exposed as to how she was fooling her followers.

She went to England and in 1880 established the Theosophical Society and attracted Westcott and Hort.

Her tricks were exposed by the society of psychical research when certain pieces of conjugal equipment were known to be the means by which the written messages were made by her mahatmas.

The exposure did little to shake the faith of her followers in England

When someone says "in the Greek" there are approximately 220 Greeks NTs and none of them agree. – They may as well say "in the library"!

When you hear this term, most often they will be referring to Kittell's dictionary of the NT. – Then you should ask them if they know what else Kittell produced.

Gerhard Kittel is a household name among Greek NT scholars.

Kittel edited the 10 volumes of the standard reference work in NT Greek word studies. – The theological Dictionary of the NT.

The NIV translators relied on its' judgements when selecting words as do all modern translators.

When a pastor or media preacher elaborates on reference to "The Greek" it is virtually certain he is citing a judgement on the correct meaning or choice of a word from Kittel's dictionary.

The elder Kittel Rudolph's feet were firmly planted in 19th century liberal academia. – The younger Kittel was even more swept along with this movement and in 1918AD it meant irrationalism, mysticism and antisemitism.

The NKJV and all other versions have abandoned the traditional OT Hebrew texts and Rudolph Kittel's 1937AD version "Biblia Hebraica" which follows the Leningrad manuscript.

What was the source of the bizarre notions that swept Germany in the 1930s and resulted in Hitler's concentration camps and the near extermination of the Jews in Europe? – Well Kittel's mysticism and Hitler's occultism were partners and the root of antisemitism.

The US army discovered Hitler's library of personally marked occult books and noted that he kept a copy of Blavatsky's "The Secret Doctrine" by his bedside.

It's fables of the new 5th root race of divine Aryans battling the inferior old Jewish race, coupled with its' call for open worship of Lucifer over Jehovah (who Blavatsky identifies as Satan) explains this monstrous phenomenon.

Without awareness of Hitler's bedside reading his actions would remain a strange mystery. Blavatsky's book was also used by the Mystical Society's arm in Germany after WW1 and Kittel was a member of this society!

Blavatsky's Theosophical Society was once called "The Aryan Theosophical Society". – Her anti-Semitic pamphlet was used to fuel the fires of Hitler's actions that read "The Semites, the sacred spark is missing and it is they that are the only inferior race on the globe now happily owing to the wise adjustment of nature, whichever works in that direction fast dying out. Here again one perceives the immense chasm Aryan and Semitic religious thought, the two are at opposite poles in sincerity and concealment." – Adolf Hitler got his anti-Jewish notions from the writings of Blavatsky.

Hitler got his initial initiation into the secret doctrine, and this was followed by a final initiation by occultist Egidio Eckhart who wrote "Follow Hitler, he will dance but it is I who will call the tune. I have initiated him into the secret doctrine." – And this was the work of Blavatsky.

Hitler's "Mein Kampf" was dedicated to Eckhart, who was a disciple of Blavatsky, and the book contained much antisemitism. – His master race theory was taken directly from the root race writings.

As early as 1909AD Hitler joined the antisemitic Union. – His speeches of 1919 and 1920 were peppered with this poison and finally on January 30th, 1939, he told the world "In a new world the Jewish race in Europe will be destroyed."

Voices told Hitler in 1920 that he had been selected by God to be Germany's messiah, saving the nation from the jaws of international Jewry.

Erikson notes "Kittel saw God's hand in the elevation of Hitler to power."

Kittel was put on trial for war crimes at Nuremberg because it was Kittel who wrote the antisemitic literature that was distributed by the Nazi party and used to indoctrinate the German people in their hatred of the Jews.

When the man says, "In the Greek" and goes to Kittel's Greek NT he is going to the work of a man who was involved in Satanism and working to help further the extermination of the Hebrew people from the face of the earth! - How can such a man be trusted?!

With Hitler's totalitarian regime came the Nazi take-over of the church in Germany under the name "Deutsche Christen". – Kittle urged agreement with the state and Fuhrer was obedience to the law of God!

So, Kittle said to obey Hitler was to obey the law of God!

Theologian Martin Buber remarked that he was not surprised to see Kittle act as pied piper for the Fuhrer "Theologians who stressed gospel tended to be immune to Hitler's claims. Kittle's work cannot be seen as anything but a Satanic distortion of Christianity."

Foreshadowing the final false prophet Kittle promoted a new bible version for Hitler's new church to replace Luther's traditional German bible. – Luther's bible had been based on the majority text and by Hitler's time was 400 years old.

Kittle said it was "archaic" and needed to be replaced.

In 1933 Kittle joined the Nazi party and his mystical maze hit a turning point as that year he began a new work on the theological dictionary of the NT.

This was a work, he hoped, would give theology a more secure superstructure.

So, 2 things happened in 1933. – Kittle joined the Nazi party, and he began his work on the Greek NT dictionary.

Those pastors using Kittle's Greek NT dictionary as their authority have no idea what this man stood for.

One secular historian notes "The bulk of Kittle's work between 1933-1945 was devoted to a rigorous and harsh anti-Jewish stance. It corresponded to the worst of Nazi propaganda." – This is the same time in which he is producing his 10-volume dictionary of the Greek NT and when the NIV translators wanted to know what to do with a word they didn't go to God, but went to Kittle.

So, we have confidence in a Greek NT put together under the influence of a man who practiced the occult, witchcraft and seances and had great influence in the Nazi party and their goal to exterminate God's race of people.

Knowing this there is no excuse to buy an NIV!

In 1933 Kittle wrote a book and gave a speech entitled "Die Judenfrage" and said "We must not allow ourselves to be crippled because the whole world screams at us of barbarianism. How the German vogue regulates its' own cultural affairs does not concern anyone else in the world."

Between 1933-34 as Kittle was cranking up his production of the Greek NT dictionary he took a prominent role in exterminating the Jews. He worked for a Nazi organisation and publication that churned out antisemitic propaganda.

Rudolph Hess, one of the oldest members of the Occult Society, attended the opening ceremonies which were followed by newspaper headlines pronouncing the organisation as "The scientific weapon in the Nazi's fight against the Jews."

Kittle was the most frequent contributor to this journal and of the 8 volumes published Kittle was involved in 6 of them. – The last was cut short by the end of the war and Kittle was tried for war crimes.

The same fate was befallen the last volume of Kittle's Greek NT dictionary. – Ask the professor why the last volume was not finished!

Joseph Goebbels (media propagandist ad politician) thought Hitler was the reincarnation of Jesus Christ. – Goebbels and the SS began the mass murder of Jewry in November 9-10th 1938. In 1939 Kittle made a speech and gave tribute to Hitler, calling him "The saving force which stemmed the tide of Jewish infiltration."

Knowledge of the killings was widespread in Germany and as early as 1942 The Times reported the mass murder of the Jews and even with such understanding of what was happening Kittle continued to promote the Fuhrer.

In 1943 Goebbels asked Kittle to write for his anti-Jewish action and Kittle admitted knowing about the Jewish murders and wrote of Hitler's actions "Today many harsh things do occur and must occur. It was not despotic brutality or barbarism. For the Fuhrer in its' radical resolve to place the Jewish problem in a wholly new foundation. The radical suppression carried out by national socialism is not, as almost the entire world maintains, an unheard-of cruelty against the Jews." – He was referring to the Jews' mass murder.

In 1944 Kittle was lecturing at the university in Vienna and said , whilst speaking of the "depraved" Jews being the cause of the fall of the Roman empire "Full freedom to murder just as you should smash the brains of even the best snake. This is the justification of the most anti-Jewish acts."

In 2 Timothy 3:5 it says we are to turn away from men who have the form of godliness, but denying the power thereof. – What a perfect description of men like Westcott who is a bible "scholar" who denied the blood atonement of Christ.

What a marvellous description of Kittle, a bible "scholar" that denied the great bible truth that runs from Genesis 12 to Revelation that God chose the Jewish people for His own!

What will they do if you will not turn away from them? They will creep in (v6) and introduce you to a world of learning (v7) that never brings you to a knowledge of the truth.

If you have been through Kittle's NT Greek dictionary of nonsense but have not found the way, truth, and life in Christ you have not accomplished anything!

V15 of 2 Timoth 3 says what you really need to know is what a child could hear and understand from his grandmother. – V2-4 Men shall boasters, lovers of their own selves, heady, high-minded. – How grand it sounds to say "I have mastered the Greek!", "I have examined the commentaries!" and "But - we just do not know what the originals really said."- You spent all that time coming out more stupid than a simple child and what he can what he can receive from "the holy scriptures" (v15).

V13 says "But evil men and seducers shall wax worse and worse, deceiving and being deceived." – What could be more deceitful than giving a born-again Christian in a Christian bible school a reference work by a man that did Satan's bidding in the destruction of the Hebrew people?!

Do we honestly believe that in Timothy's house was original copy of Isaiah 53? Certainly not! – Do we think Lois had an original copy of Psalm 22 tucked away? Certainly not!

Yet the Holy Spirit had the Apostle Paul write that Timothy has had the holy scriptures 100's of years since the original writings of those manuscripts had been penned. – Yet they saw copies of the holy scriptures. – It was just as holy as what God told Jeremiah to write down.

If God can get His word from Moses to Lois, He can get it from Lois to me!

We believe in the death, burial and resurrection of the promised God-man and the bible warns to turn away from anyone who says it is not that simple.

1 Timothy 3:16 – Present tense in that the whole of the scripture is given by inspiration of God. – Kenneth Taylor, as Westcott and Hort, corrupts this vital truth in his "living bible" says "The whole bible was given to us by inspiration from God..." -Then it is not anymore given by inspiration of God.

2 Corinthians 11:3 "But I fear, lest by any means, as the serpent beguiled Eve through his subtilty, so your minds should be corrupted from the simplicity that is in Christ." – If it is not simple, it is of the Devil!

If God wants every man to be saved then why have to run an obstacle course to gain salvation? – Paul was afraid that someone was going to come along and beguile them from the simple, child-like confidence in his truth.

6 Reasons why we must stand against modern versions

1. They cause widespread confusion
2. They discourage memorisation
3. They take away/confuse the use of a concordance
4. They provide opportunity to pervert from the truth
5. These many versions make teaching from the bible difficult
6. They illicit profitless argumentation
