Your main chance to succeed in personal work is your touch and fellowship with God. Pray before, during, and after your efforts with men. Since all depends on the Holy Spirit, make certain you are filled and yielded:

1. That your heart will be right
2. That your motive will be heavenly
3. That your words will be wise
4. That your heart will be burdened
5. That you will be led to the right person
6. That your approach will be right
7. That you will recall the right scriptures
8. That God will work in the heart of the lost

Remember your high calling:

1. Purity of life and conscience is a must.
2. Do not seek a heavenly end while possessing an earthly motive.

3. Do not try to do the Lord's work with the devil's tools.
